Mother tongue(s): **ARABIC**

Other language(s): **ENGLISH**

ADDITIONAL INFORMATION

PROJECTS

2023 – 2023

Web System For The Dentist Students In Damascus University

- My Graduated Project Was About Making A Web System For The Dentist Students In Damascus University That's Help Theme To Find, Reserve, And Make A Treatment Plan For Patients, And It Help

Patients Too, Because The Treatment That Offered By The Doctor Will Be Free Or At A Nominal Price ,And This System Consists Of Three Main Parts ,First The Patient Interface Where The Patient Can Make Registration In The Web Application And Look What The Doctors Offer To Him And Take A Look About How We Are And Some Advices About The Dental Health, Second Doctor Interface Where He Can Reserve Patient, Make A Treatment Plan For Him, And Write Some Notes To Remind Him And So On, Finally The Web Server Where I Built The Api And The Database And The Authentication And Authorization Process For The Doctors

2022 – 2022

Movies And Series Web App

- Write here the description It Was My Last Front-End Project Before I Start In Backend Road To Be A Full Stack Web Developer, I Make The Ui By My Self, There Is Some Many Ideas In My Mind Now To Make It Better, Maybe In Coming Days I Will Make Some Changes, But I Love This Project Because I Approved To My Self When I Finish It That I Can Start In Back-End With Strong Heart...
